Dear Mr. Virkama:

The below listed pneumatic dunnage bag by Bates Cargo-Pak is verified as meeting the requirements of the AAR Product Performance Profile for Pneumatic Dunnage for the level indicated. This verification will remain in effect for three years from the date of verification, at which time application for re-verification may be made. Bags should be individually identified to show the proper level of verification to avoid confusion at the point of use.

Should the listed pneumatic dunnage bag fail during field performance, Section **4.0, Procedures After Test Failures**, of the Product Performance Profile for Pneumatic Dunnage may be applied.

<i>Company</i>	<i>Level of Verification</i>	<i>Reference Lab Report</i>	<i>Date of Verification</i>
Bates Cargo-Pak	Level 1	TTCI LB 61-07	January 9, 2008

A listing of verified pneumatic dunnage products by manufacturer will be published separately and also made available for reference via www.railinc.com website. Please contact us should you have any questions.

Very truly yours,

Bernard Bonk, Jr.
